

I have been a Sherlockian since discovering *The Speckled Band* in the 7th grade.

I have been a member of the Denver, CO scion **Dr. Watson's Neglected Patients** since 1978, and have served as intern, vice president, and president. Currently I hold the position of **Transcriber**.

I am a member of 3 online Sherlockian discussion groups on which I post, among other things, Sherlockian Limericks. *I can not write limericks but admire those who can.*

I am now starting to post my thoughts, so be forewarned, you will find me under 2 canonical names (noms): **The Game is Afoot** and **The Agra Treasure**.
